LEADING
INDUSTRIAL SUPPLIER
SINCE 1985

MESSAGE FROM THE CHAIRMAN

MR. YOGESH N. BHATIA
Chairman

The journey of Falcon Trading has started from modest beginnings. Established in 1985, Falcon Trading has pioneered in the field of industrial supplies and building materials in the Kingdom of Bahrain. Our proactive outlook towards the future and the flexibility to respond to rapidly changing market needs continue to drive us to be the pioneer, market leader and benchmark of quality in the industry that we operate in.

At Falcon Trading, we believe that success comes from the relentless focus on innovation and execution and we are constantly on the lookout to bring innovative products and solutions to the market which in turn aims to boost the economy of Bahrain. Our experienced and dedicated team of Falcon Trading has insured continuous growth and success to the company and has provided valuable services to our clients during the past three decades. At Falcon Trading, we are committed to running our business in a way that generates value for our clients and employees.

I take this opportunity to thank our valued customers, whose continued patronage and confidence in our products inspires us to extend the best of services and enable us to provide value for their money. We are proud of our past, a growing present and we look forward to a promising future – a future that will be marked by sustained growth, strong profitability and market leadership.

OSBORN INTERNATIONAL, Germany is the world's largest manufacturer of power brushes and maintenance products. Osborn has thousands of different stock brushes and special brushes, ranging from a fraction of an inch to lengths up to 18 feet. Osborn has been manufacturing brooms and brushes since 1887.

The unique capabilities of power brushes can provide solutions to many challenging production problems.

Falcon Trading is the sole distributor of Osborn products in the Kingdom of Bahrain.

GRINDWELL INTERNATIONAL, established in 1941 is the largest Indian manufacturer and exporter of abrasive products. Grindwell is known to be the leading manufacturer of various types of abrasives such as bonded, coated, non-woven, superabrasives and thin wheels.

It has been certified with ISO 9001:2000. All cutting and grinding wheels come with OSA marking.

Falcon Trading is the sole distributor of Grindwell International products in the Kingdom of Bahrain.

BOSUN TOOLS Co., Ltd., specializes in researching and manufacturing of diamond tools, power tools and TCT tools. Through continuous technical innovation and product development, Bosun Tools has become the largest domestic tool manufacturers with the most complete productions.

Falcon Trading is the sole distributor of Bosun Tools products in the Kingdom of Bahrain.

CUTTING & WELDING EQUIPMENT & ACCESSORIES

DECA is one of the leading manufacturers of welding equipments in Italy. It has been in the market for over 30 years, obtaining continuous success. The company's mission is to manufacture welding equipments able to satisfy the requirements of all kinds of welders: do-it yourself, maintenance, workshop technicians, and professional welders. To each of their people, Deca offers the right equipment to always reach the best result in their work.

 **Falcon Trading is the sole distributor of Deca products in the Kingdom of Bahrain.**

Founded in 1964, **GYS** is a family-owned company with over 820 employees around the world. Built around continuous investment in research and development and the acquisition of knowledge, the company is now a major player in the design and manufacture of welding machines, battery chargers and car body repair equipment.

Product range:

1. Equipment for welding
2. Equipment for battery maintenance
3. Equipment for car body repair

UNIWELD is a manufacturing company headquartered in Florida, U.S.A. The company has grown and expanded into one of the major manufacturers in the field of welding. Uniweld product line includes: welding, brazing and cutting tips, accessories, pressure gauges and alloys.

Uniweld takes pride in its manufacturing excellence, product innovation, financial stability and community involvement throughout the world.

Falcon Trading is the sole distributor of Uniweld products in the Kingdom of Bahrain.

HI-LO based in Sheffield, UK manufactures and supplies a range of precision manufactured equipment for gas welding. All their products are tested and warranted to meet or exceed industry standards.

Falcon Trading is the sole distributor of Hi-Lo products in the Kingdom of Bahrain.

VICTOR's tradition of unparalleled safety, performance and reliability is the cornerstone of its brand. They produce various products in the categories of Cutting, Heating, Welding, Gas Regulators, Powder Spray Torches, Handles, Nozzle, Flashback Arrestors and other accessories.

WELSPRING UNIVERSAL is the oldest and most reputed manufacturer of manual arc welding accessories in India since 1982. An ISO-9001 certified company, Welspring is known for its superior product quality and excellent technical expertise for all the products they manufacture.

STANVAC-SUPERON GROUP established in 1994 is one of India's largest manufacturer and exporter of industrial repair and maintenance solutions. The group specializes in manufacturing international high quality welding consumables, stainless steel wires, welding electrode paints and coatings, aerosol sprays and specialty industrial lubricants.

WELD-AID produces the world's leading anti-spatter products for efficient welding. It consists of various products to prevent/remove spatter formation on nozzles, to reduce tip and liner wear and other galvanizing products.

**FALTRA**

Welding Cable

FALTRA welding cables are robust welding cables and are designed to carry high currents under rough usage conditions and are capable of enduring the high temperatures implied in their purpose.

They are manufactured in accordance with British Standards and numerous International Standards and certifications.

**FALTRA WELD**

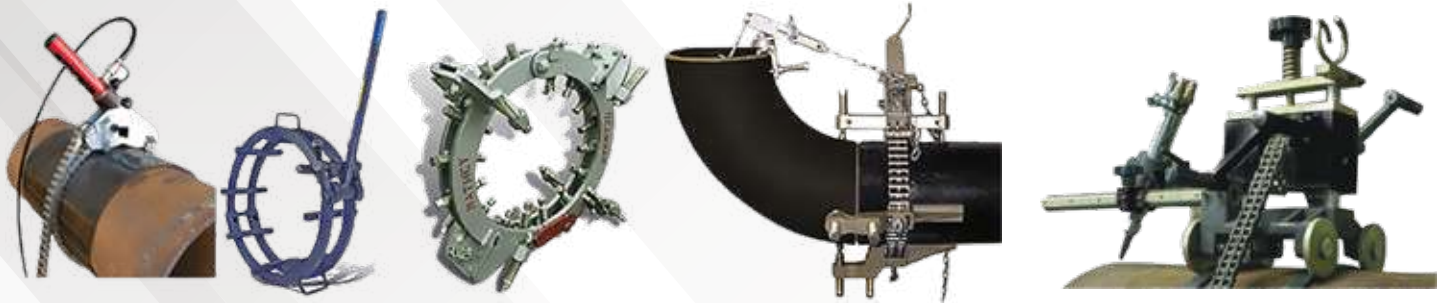

Welding Ovens

FALTRA WELD provides a wide range of electrode ovens, in varying electrode holding capacities, for electrode moisture drying, and flux baking for SAW (submerged arc welding) applications.

Features: Analogue Thermostats, Digital Temperature Controllers, Analogue Thermometer, DUAL voltage ovens - switchable between 110V & 220V.

MATHEY DEARMAN has been designing and building - cutting and beveling machines, clamping, aligning, and reforming systems for pipe and tubing. Over the years, they have also developed other essential tools and equipment which include measuring and layout tools, gauges and inspection devices.

PHOENIX INTERNATIONAL has been a supplier of the welding industry's most recognizable rod ovens, since 1950. DryRod® ovens are made in the USA and constructed to be the most durable on the market. Their products include: Portable Electrode Ovens, Bench Ovens, Flux Ovens, Safetube Canisters and others.

CEPRO, with more than 30 years of product activity in the field of Welding Spot Separations, has gained a leading position in markets throughout the world. Their product range includes: Welding Curtains, Blankets, Screens, Grinding Booths and Outdoor Booths.

A black and white photograph of an industrial facility. In the foreground, a worker wearing a white protective suit and gloves is working on a large, horizontal cylindrical tank. The worker is using a tool to adjust or inspect a component on the tank's surface. In the background, there are several other similar tanks and a complex network of pipes and conduits running along the ceiling and walls. The scene is well-lit, and the overall atmosphere is one of a professional industrial environment.

INDUSTRIAL & GENERAL MAINTENANCE PRODUCTS

BONDLOC UK Ltd is a British manufacturer of Engineering and Industrial Adhesives with over 25 years' experience in adhesive manufacturing. Their products are used in the most demanding applications including Automotive, Agriculture, Marine, Engineering and Heavy Plant. In addition, they are also ISO 9001:2015 accredited.

Falcon Trading is the sole distributor of Bondloc products in the Kingdom of Bahrain.

HYLOMAR®

HYLOMAR Ltd manufactures a wide range of high performance sealants and adhesives. Hylomar products are widely used and respected in the automotive, aerospace and industrial aftermarkets with Hylomar Universal Blue and Hylomar M being the leading non-setting gasket & jointing compounds in the world.

Falcon Trading is the sole distributor of Hylomar products in the Kingdom of Bahrain.

Araldite®
 Build. Bond. Protect.

ARALDITE products consist of a clear epoxy resin and a hardener. These structural epoxy adhesives form extremely strong, durable bonds with most materials. Their one-part and two-part, clear epoxy resin glues can be supplied as flowable liquids, highly thixotropic products with gap filling capability up to 25mm, as films or even in powder form.

Falcon Trading is the sole distributor of Araldite products in the Kingdom of Bahrain.

The **GOOP** brand began with a single, waterless hand cleaner and has grown into a complete range of products designed for tough, specialized situations. It has a very strong global presence and serves a multitude of industries automotive, hardware, janitorial, construction, agricultural, mining, oil and military markets. GOOP products have built a reputation for being able to 'remove almost anything, from almost everything.

Falcon Trading is the sole distributor of Goop products in the Kingdom of Bahrain.

Ambersil

AMBERSIL, founded in the U.K. over 60 years ago, is an ISO 9001:2008 certified company following stringent quality control steps at every level of production. They have a wide range of products for the Automotive, Defense & Aviation, Food Processing, Polymer Processing, Electronic & Metal Working Industries.

Falcon Trading is the sole distributor of Ambersil products in the Kingdom of Bahrain.

Dukes

DUKES spray paints are all purpose paints that can be used both in interior and exterior spaces. They are fast drying and come in both, Glossy and Matt, finish options.

Additionally, they are Rust Resistant and CFC Free.
